

CONSTELLATION[®]

fully connected. fully efficient.

**Bring your locations
together with one interface
for more streamlined
business management**

Key benefits

1. One-time data entry for all sites, increasing efficiency and improving data quality
2. Orders are communicated through a single interface, eliminating the need to manage integrations at individual sites
3. Order interfaces are managed in the cloud, reducing network vulnerability
4. Complete site visibility for easier overall analysis and business management
5. Cloud connectivity increases flexibility for customers with added pickup options
